SOLUTIONS FOR BUSINESS PRINTING

DP-530/530L

With the Tally Dascom DP-530 series you can concentrate on your job and not on the printer. Although the printer is up to 10% smaller and 40% lighter than comparable models, it makes no compromises. A variety of interfaces and emulations allow the use of DP-530/DP-530L in different environments.

Whether water, dust or vibrations, this printer operates reliably. Whether in the basic variant DP-530 for receipt documents or in the label version as DP-530L. Thanks to different holders, the printer can easily install on mobile dollies or in vehicles.
