

DASCOM Europe Launches Its Next 8" Mobile Thermal Printer

Ulm, 08. July 2021

DASCOM Europe, a recognized leader in business transaction document print solutions, today announced the launch of its NEW Tally Dascom DP-80 mobile thermal printer series. The DP-80 is the newest addition to the mobile printer series, and DASCOM is the only manufacturer providing thermal and dot matrix printers for A4 formats. All of these models provide users the ability to print full-page receipts, work orders, invoices, tickets or other printing needs for vehicle applications. The DP-80 models are packed with the latest in advanced features to help your mobile workforce increase productivity right out of the box.

The Tally Dascom DP-80 is the fastest 8" mobile printer on the market, at 11ppm. It brings with it, user friendly features like dual serrated tear bars for clean crisp tear-off of your documents, large function buttons, an easy to open paper door, and a web-based configuration page for easy printer set up. With a ruggedized casing, the DP-80 will withstand environments where most other printers won't last. The DP-80 was designed with ease-of-use and functionality in daily business. Mounting systems that are currently offered by all the major mounting companies will work with the DP-80 with no modifications needed.

The DP-80 design makes for a low profile, small footprint, and highly reliable full-page mobile printer that is perfect for a wide variety of applications. It is an ideal printing solution for direct store delivery of food and non-food, insurance agencies, trucking companies, emergency services and more. Like other DASCOM Europe printers, the DP-80 is available in Bluetooth, Wi-Fi, and USB versions. A wide variety of mounting options are available to help with ease of installation. Continuous roll paper, single sheet feed, or fanfold media allow for a variety of printing options. The DP-80 is compatible with Windows, Android, and iOS Bluetooth operating systems.

"With the DP-80 we are expanding our product portfolio in the DIN A4 area and are now offering three different product lines with different focuses. The DP-80 has an improved paper loading, paper tearing and faster printing than the competition." states Michael Ried, Marketing Manager EMEA at DASCOM Europe GmbH. "The Tally Dascom DP-80 is an example of DASCOM's commitment to continuous improvement and innovation in the mobile printer world."

The DP-80 series will be available from August onwards.

About DASCOM

Established in Hong Kong, **DASCOM Group** was founded in 1988. Located in Ulm (Germany), **DASCOM Europe GmbH** is the European headquarters and was founded May 2009. We market the full range of serial, passbook, mobile, thermal and card printers under the 'Tally' or 'Tally Dascom' brand names.
